UMAR SHAFEEQ

WEB DEVELOPER

ABOUT ME

I am a web developer who is learning to build web applications step by step. I have basic knowledge of frontend development using React and Next.js and I am learning backend development with Python and FastAPI. I have created simple API routes using FastAPI and practiced connecting frontend with backend, I have also explored LangChain to build basic chat models that generate content. I am highly motivated to learn, practice, and grow as a developer.

WORK EXPERIENCE

PRACTICE & LEARNING EXPERIENCE

- Built small frontend projects using React and Next.js
- Created basic backend APIs using FastAPI
- Learned how to create and test API routes
- Built a basic chat model using LangChain to generate text
- Managed deployment (Vercel, Railway) and version control (GitHub)
- Practiced connecting frontend with backend APIs
- Used GitHub for version control
- Deployed beginner-level frontend projects on Vercel
